

ILA-UMX JOINT SAFETY COMMITTEE

OSH Circular 2019-11 (22 November 2019)

Distracted Driving Kills!

Please, Put Phones Away When Behind the Wheel

No one wants to be responsible for causing the death or serious injury of themselves or their fellow workers. Yet, marine terminals are still places where the use of cell phones by some of us operating motor vehicles can be seen with alarming frequency!

Don't be caught short (and culpable) by being the Guy or the Gal found to be responsible for your own or someone else's workplace fatal/serious injury as a consequence of distracted driving.

Put your phone away while you're behind the wheel. If you've got to use it in an emergency, pull over to a safe area and concentrate on one thing at a time. The life you save, may be your own.
